

A Special Issue on Quantum Cognition Dedicated to Some Recent Results Obtained from Prof. Elio Conte

NeuroQuantology | December 2010 | Vol 8 | Issue 4 | Supplement Issue 1

Table of Contents and Authors

Editorial

On Probabilistic Quantum Thinking

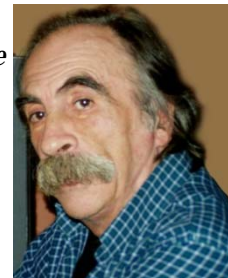

Sultan Tarlaci

Articles

On the Possibility That We Think in a Quantum Probabilistic Manner

Elio Conte

What is The Evidence for Quantum Like Interference
Effects in Human Judgments and Decision Behavior?

Jerome Busemeyer and Riccardo Franco

Commentary on Elio Conte's "On the Possibility that We Think in a
Quantum Probabilistic Manner"

Huping Hu

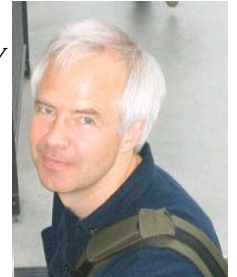

Quantum Mechanics Meets Cognitive Science: Explanatory vs Descriptive Approaches

Reinhard Blutner

On the Physical Basis of Theory of “Mental Waves”

Andrei Khrennikov

Extrasensory Perception and Quantum Models of Cognition

Patrizio E. Tressoldi, Lance Storm, Dean Radin
